## General Info

(: I am not your everyday photographer, if I can help it! :)

**Note:** I pride myself in producing one of a kind images, if any way possible.

In order to achieve this goal, I need your 100% communication and ideas as well. I am only as good as what we can design and master together☺

I'm all about creating images that are different. The old fashioned, run-of-the-mill studio shots with the boring backdrops and standard poses just aren't my style, and quite honestly, it's probably not what you're looking for either. I enjoy actually working with each of my clients and giving them the freedom to tell me what they're looking for in their portraits, instead of me telling them what their options are (like most photographers). From a delta farm to anything rustic, to grassy fields or flowers, to the swamp and the city streets...whatever you want to do. I will do my best to go above and beyond for each session in order to create images that truly bring out the personality of each person!

"It's more than just a photo". I use this statement a lot to remind me and others that not all photographers and their results are the same. I truly hope I never see the day my work is just a photo or the same. I may put hours of research and travel many miles before each portrait session. If it's plain, I am not really interested, but I do have a plan for this too. There is nothing like discovering a great location at the right time to capture that distinct pose. So call me today and let's make plans to take your portraits up a notch or two! My new plans are listed above for most any type of portraits whether senior, engagements, family or whatever. **Remember, I will need time to recon your custom locations and ideas, so please think ahead and call me today!**

**Whacha want?** Who are you and what makes you who you are? ☺ All I can say is, if I don't know anything about you, then it's much harder to capture your essence and pose. For example, if you are crazy about dogs, dancing, the great outdoors, hunting, fishing or just love to look beautiful or handsome, why not tell me and let's incorporate your favorite belongings and smile in your portrait session. However, if you have no idea, I guess I will have to come through for you, but at least give me a hint please. Thanks☺

**Whacha wearing?** The good thing about bringing your entire closet is you can simply return it. I say if you have it with you you're better off. No extra charge for bringing your closet☺. Now let's go over your wardrobe color. Most of my sessions have gone well with whatever color one brings, but I will say a bright solid white or florescent color dress or shirt is not my or your best choice. First, it's hard to properly expose it with the rest of your portrait, and its takes the glory away from your beautiful smile. I have no problem with off white or middle tone clothing. One more though, any props you bring will be great, like hats, dogs, cats, guitars, even horses. You name it! Bring whoever your heart desires, because it's you! Just don't bring your pet rattlesnake☺. If you have any questions, just call and ask☺.
